Japanese Reject Any Military Role In Southeast Asia

TOKYO (AP) — The Japanese people would never permit Japan to take over the military role of the United States in Asia and the Pacific after American forces withdraw, Prime Minister Eisaku Sato says.

The Japanese leader sharply rejected the view of Philippine President Ferdinand Marcos and some other Asian leaders that Japan ultimately would have to assume major responsibility for law and order in eastern Asia.

"We may be able to possess military strength adequate for self-defense," he said in an interview. "But the Japanese people would never allow us to take over the role of the U.S."

"To avoid any misunderstandings such as entertained by President Marcos let me say: Historically countries with economic might have great military power. In the case of Japan, we are resolved not to use the armed forces. That is what we proclaimed 25 years ago in the no-war constitution."

Sato said Japan's future policy would be to "extend cooperation commensurate with our strength for the prosperity of the countries of Asia."

"In extending such cooperation," he added, "a bilateral formula may cause misunderstandings that Japan seeks economic domination. So we prefer a formula in association with other countries in giving aid."

On relations with the United States, Sato said Japan must take a "courageous step toward liberalizing" its trade position.

"I don't think we can continue protectionism," he said.

"We shall never be ungrateful for the support the United States extended to us which enabled us to rehabilitate ourselves after World War II," he said. "But even close friends and loving couples have misunderstandings."

"Fortunately, U.S.-Japan relations will not be broken. We are good friends although it is regrettable that the textile negotiations failed. Our relations will not be spoiled or distorted by the passage of the Mills bill."

That legislation by Wilbur Mills, chairman of the House Ways and Means Committee, would impose quotas on woolen and synthetic textile imports at the 1967 levels for countries which do not agree to limit such shipments voluntarily.

Indications point to a tough fight in conference, with all five House members against curbing presidential power in Cambodia, but the Senate representatives overwhelmingly for the amendment.

The Senate members line up 6 to 1 in favor of Cooper-Church and most also have little use for the military sales bill which both the Nixon administration and House conferees want extended.

"My impression is that the Senate is going to hang tough," said Rep. Donald M. Fraser, D-Minn., who described the Thursday scene as "a typical ramrod operation of the House."

Pennsylvania Democrat Thomas E. Morgan, chairman of the House Foreign Affairs Committee, who will lead the House contingent, suggested to reporters a long conference was on the horizon. "I would say 30 days ought to do it," Morgan added.

In Thursday's vote all five of the House conferees joined in killing a motion by Rep. Donald W. Riegle Jr., R-Mich., which would have instructed them in advance to accept Cooper-Church.

Conference rules specify a majority of the conferees from both branches must agree on action taken. They can modify, accept or eliminate Cooper-Church and other points of difference in the bill but what.

GM Plants Shut Down

CINCINNATI (AP) — Chevrolet and Fisher Body, two divisions here of the General Motors Corp., remained shut down today after Chevrolet was hit by a "wildcat" strike Thursday.

About 5,000 members of Local 674 of the United Auto Workers walked off the job because the company said it would not pay them for July 4, a union spokesman said.

Officer Subdues Factory Intruder

A cordon of city police officers and sheriff's deputies captured a burglar suspect inside the Ferno - Washington plant, 238 S. Fayette St., Thursday night after a neighbor tipped off police by telephone.

Lodged in city jail is Ronald Lee Melvin, 27, of 605 Campbell St., who has been charged with breaking and entering in the night season. He was taken to jail following treatment for a head laceration sustained when he was subdued by Capt. Charles Foster.

The break-in was one of seven non-traffic incidents investigated in the city-county area Thursday and Friday morning. Other cases involved the burglary of a home, a larceny from a car, the arrest of a Washington C. H. man for abandoning a refrigerator, the arrest of a Chillicothe man for defrauding an innkeeper, destruction of property and a dogbite case.

CAPT. FOSTER said an unidentified woman called police at 10:18 p.m. Thursday to report that she saw a man enter the Ferno - Washington building.

She said that Melvin tried to open several ground floor windows before he climbed to the roof and entered the building through a second floor window.

Police officers and sheriff's deputies surrounded the building. Deputy Sheriff John Emrick climbed to the roof and discovered where Melvin entered through a window.

Capt. Foster said a Ferno - Washington official was called to open the building and a search was conducted. Melvin was found crouching behind barrels in a storage room and failed to respond when officers ordered him to surrender.

Unable to determine whether or not Melvin was armed, Capt. Foster said he struck him over the head with his revolver. It was then that officers discovered the identity of the burglar, a deaf mute.

TWO REVOLVERS, valued at a total of \$148.50, were taken at 10:18 p.m. Thursday to report

McCormack Aide Guilty Of Perjury

Jury Returns Verdict In Probe Of Conspiracy

NEW YORK (AP) — After nearly 17 hours of deliberation, a federal court jury has found Martin Sweig, suspended chief administrative aide to House Speaker John McCormack, guilty of one count of perjury and acquitted him on six other counts.

"Thank God it's over," Sweig said after the four women and eight men returned their verdict Thursday.

The suspended aide, who had been employed for 24 years in the Speaker's office, was indicted on one count of conspiracy and six counts of perjury.

The indictment charged that Sweig conspired with lobbyist Nathan Voloshen to defraud the government by misusing the prestige of the Speaker's office and that the pair pressured government agencies to obtain favors for clients of Voloshen.

Voloshen pleaded guilty when the trial opened June 17.

Sweig, 48, was found guilty of lying to a federal grand jury here about knowing Gary Roth of Lawrence, N.Y., and denying he made calls in the name of the Speaker.

Judge Marvin Frankel set Aug. 31 for sentencing. Sweig faces a maximum of five years in prison and a \$2,000 fine. His lawyer, Paul T. Smith, said he would appeal the verdict.

During the trial, testimony indicated that Voloshen received \$1,500 to obtain a hardship discharge for Roth, and that Sweig made calls to Army officers saying the Speaker was a close friend of the Roth family.

Iceland Premier Killed In Blaze; 2 Others Dead

REYKJAVIK, Iceland (AP) — Iceland's premier, Bjarni Benediktsson, his wife and a grandson were killed in a fire at the premier's summer home Thursday night.

A priest living nearby discovered the fire in the wooden cottage at Ghingveille, 30 miles from Reykjavik. He raised the alarm, but when firemen reached the house, they found the three bodies.

The cottage was owned by the government and was used by members of the cabinet.

Viet Prison Probe Wanted

Byrd Attacks Cages For Inmates

WASHINGTON (AP) — A conservative Democrat who was among President Nixon's chief defenders in the latest Senate battle over Southeast Asia called today for an investigation of the reported use of tiger cages to hold political prisoners in South Vietnam.

"Shocking and abhorrent," Sen. Robert C. Byrd said of the reports which surfaced after a congressional committee's trip to Con Son prison.

If the reports are true, the West Virginian said in a speech prepared for the Senate, the United States should withdraw any financial aid which contributes to the conditions.

And, he said, "our government should use every means at its disposal to compel the government in Saigon to treat prisoners humanely."

At the same time, Byrd called for pressure on Hanoi to gain humane treatment of U.S. troops held prisoner by the North Vietnamese. He compared the plight of prisoners in both Vietnams as focal points of compassion from the U.S. public.

Byrd said Americans are shocked by reports of the tiger cages, shackling and beating of prisoners, and poor food served the inmates.

Byrd, a floor leader in the fight to resist limitations on President Nixon's powers in Cambodia, joined a widening group calling for an investigation into the Con Son reports.

The prison conditions came to light when two congressmen, Reps. Augustus F. Hawkins, D-Calif., and William R. Anderson, D-Tenn., visited the prison last week.

Israeli Jets Down Trio Of MIG21s

TEL AVIV (AP) — Israeli warplanes shot down three Egyptian fighter-bombers in dog fights over the Suez Canal today, the military command announced.

The Egyptian planes were Soviet-made MIG21s, a spokesman said.

They had attempted to intercept Israeli warplanes which began raiding Egyptian targets on the northern sector of the waterway a few hours earlier, he reported.

The aircraft were felled by cannon and rocket fire, he added.

This brought to 105 the number of Egyptian planes Israel has claimed shooting down since the 1967 Middle East war.

Catholic Prelate Held Since 1958

Peking Frees Bishop Walsh

HONG KONG (AP) — Red China released Roman Catholic Bishop James Edward Walsh today after nearly 12 years in Communist captivity. But the Chinese announced that another American prisoner, Hugh Francis Redmond of Yonkers, N.Y., committed suicide three months ago.

Border sources said the 79-year-old prelate from Cumberland, Md., "walked across the border bridge unaided and appeared in fair condition considering his age and the ordeal he has undergone."

A U.S. Consulate spokesman said Bishop Walsh was being given a medical examination and "we will not know his real condition until after that."

The spokesman said he doubted that the bishop would be made available to talk to reporters or be photographed "for some time."

He reportedly has been in a prison hospital in Shanghai most of the last eight years.

The bishop was arrested in October 1958. He was convicted in 1960 of espionage and sentenced to 20 years imprisonment.

Hsinhua, Peking's official news agency, said he had been freed before completion of his sentence because of his "old age and ill health" and that he had left for Hong Kong.

Redmond, 50, was a businessman in China who chose to remain there when the Communists took over in 1949. He was sentenced to life imprisonment in 1954 on charges of maintaining contact with U.S. intelligence agents in Hong Kong.

Hsinhua said Redmond killed himself three months ago, on the night of April 13.

"Taking advantage of unpreparedness by the warders," said Peking's report, the American "used a U.S.-made razor blade to cut the artery of the medial

aspect of his left elbow and the arteries of his wrists and mortally wounded himself."

Despite emergency hospital treatment, Redmond died the same evening from loss of blood, Peking said.

After examination by medical examiners, the body was cremated and "the Red Cross Society of China has already informed the culprit Redmond's relatives of his death through the American Red Cross," Hsinhua said.

U.S. Troops Resume Push To Retrieve Dead General

SAIGON (AP) — American troops set out again today to reach the wreckage of the helicopter that crashed into a mountain with Maj. Gen. George W. Casey and six other Americans aboard.

The wreckage was spotted from the air Thursday. Ground troops tried to reach it but were pulled out at darkness. Military sources said there were no signs of life in the wreckage.

The UH1 Huey helicopter was piloted by Casey, commander of the 1st Air Cavalry Division. It crashed Tuesday, but the U.S. Command withheld the location to prevent the enemy from reaching the site first.

Casey, 48, of North Scituate, Mass., was flying to a military hospital in Vietnam to visit wounded members of his division.

There was no indication whether enemy action was responsible for the crash.

Casey was a qualified pilot but also had a regular pilot with him at the controls. Also aboard the helicopter were the general's aide, the division sergeant major, two crewmen and an Army stenographer.

In war action today, one American and two South Vietnamese battalions launched a sweep operation to clear the area around the abandoned Marine base at Khe Sanh, in the northwest corner of the country. Troops of the U.S. 101st Airborne Division and helicopter gunships reported killing nearly 150 North Vietnamese in the area Wednesday.

There were no reports of enemy contact in the sweep operation.

An infantry unit of the U.S. 173rd Airborne Brigade was ambushed Thursday about 100 miles east of Saigon and the U.S. Command reported four Americans killed and four wounded. Enemy losses were unknown.

In Cambodia, a government source in Siem Reap said an enemy division is marching on that provincial capital in northwest Cambodia and the nearby Angkor temple ruins. He said the goal is to capture the entire area and install the exile government.

Urged OSU trustees to take "immediate, definite action" to curb campus disorders and said legal action should be taken against students who disrupt university activities or destroy property.

WASHINGTON (AP) — With the support of several prominent members, the Women's International League for Peace and Freedom has called on the women of America to open an economic war on war.

"We are urging women across the country not to shop on the first Saturday of each month and to boycott products manufactured by firms that are major war suppliers," said Katherine L. Camp, league president.

Tightening household purse-strings against the armaments suppliers will allow millions of women to dramatize their opposition to the war in Indochina, she said.

Men Sought In Guard's Death

CLEVELAND, Ohio (AP) — Cleveland police said today they wanted to question several persons in the shooting death Thursday of security guard Thornton P. Zimmer, 62, whose body was found on Shaker Rapid Transit tracks on the East Side.

Zimmer, who worked for a private detective agency, was employed to patrol the track area. Police said his gun was missing.

Another guard who had patrolled the same area said he had observed men regularly transporting weapons across the tracks, had exchanged fire with several of the men about three weeks ago and had seen them conducting target practice in a nearby junkyard.

Senate Votes To Put Limit On Defense Loan Guarantees

WASHINGTON (AP) — Acting in the wake of an aborted administration attempt to aid the ailing Penn Central Railroad, the Senate has voted to sharply limit the Defense Department's authority to guarantee loans.

The Senate passed and sent to the House Thursday night a two-year extension of the Defense Production Act, under which the administration almost rescued the railroad from financial trouble.

After first promising to guarantee \$200 million in loans the administration backed out. Shortly thereafter, the railroad sought reorganization under bankruptcy law.

The Senate Thursday slashed the maximum amount the government could guarantee to \$20 million. Larger amounts would require congressional consent.

The vote on the limitation was 75-0, the act passed 69-1. Also added by the Senate was a provision which, for the first

New OSU Building Plan Is Presented

COLUMBUS, Ohio (AP) — An architect's plan for a new University Hall at Ohio State University was presented to school trustees Thursday, but the board delayed a final decision on replacement of the historic building.

The plan offered by C. Curtiss Incho of Columbus calls for an L-shaped building retaining the old hall's clock tower in a semi-courtyard.

Incho said it would take at least three months to prepare detailed plans, and trustees decided to await their completion before making any decision.

Paul M. Herbert, former lieutenant governor and Supreme Court justice who has been a leader of alumni groups trying to preserve the old structure, attended the meeting but was not given an opportunity to speak.

Chairman John Ketter said the board did not have time to hear Herbert present his case, but assured Herbert that the board would hear him before making a final decision.

The alumni groups would like to see University Hall, first building erected on the Ohio State campus, remodeled inside with the outer walls retained.

Incho told the trustees a project like that would require "tremendous increased costs."

In other action, the board approved the appointment of James S. Riddle as director of the OSU campus in Lima to succeed J. McLean Reed, who has retired.

Dad Files Suit In Indiana Crash

FORT WAYNE, Ind. (AP) — The father of a seven-year-old Corunna, Ind., boy allegedly struck by a truck while waiting for a school bus has filed a \$2.25 million lawsuit in U. S. District Court here against an Ohio trucking firm and the truck driver.

The suit by S. Grey Stone Sr. alleges that his son lost an arm, three fingers on the other hand and is paralyzed from the waist down as a result of the accident May 7 on U. S. 6 just outside Corunna.

Named as defendants are Nyari Trucking Co. of Bryan, Ohio, and the driver, Richard E. Shantz of Montpelier, Ohio.

Government Goes To Court Against 27 School Districts

WASHINGTON (AP) — The Nixon administration, following what its civil rights chief says was "our game plan all along," has taken spectacular legal action against hardcore Southern school segregation.

Suits naming Mississippi state education officials and 27 school districts in three other Southern states were filed simultaneously by the Justice Department Thursday.

Jerris Leonard, the assistant attorney general for civil rights, said suits will be filed soon to desegregate 76 more districts that still maintain separate educational facilities for blacks and whites.

The push follows a virtual absence in the past four months of federal court activity while administration officials attempted to talk Southern educators into doing away with dual systems voluntarily.

The switch to sweet talk and President Nixon's emphasis, in his March school desegregation message, on good faith negotiations may have led some Southerners to believe the heat was off. However, with classes due to open in but seven weeks, Leonard proclaimed an end to negotiations.

"This has been our game plan all along," Leonard told reporters.

He acknowledged that some Southern districts will experience difficulties in meeting a September desegregation deadline, but said administrative problems "will not be an acceptable legal argument" for delay.

Thursday's suits seek to dismantle a total of 46 dual school systems: 19 in Mississippi, 10 in South Carolina, nine in Arkansas and eight in Florida.

Still facing legal action are 48

districts in Texas, seven in Georgia, seven in Tennessee, six in Florida, five in Virginia, two in Mississippi and one in Louisiana. The Justice Department refused to name those districts before suits are filed.

In addition, 14 segregated districts remain in North Carolina, but the National Association for the Advancement of Colored People Legal Defense Fund has filed a statewide suit there, the department said.

Atty. Gen. John N. Mitchell, noting that administration efforts to negotiate voluntary desegregation agreements without court action had been successful in about 120 districts, said Thursday's filings and those upcoming "clean up the remnants—those few districts which could not or would not come into compliance."

Nixon Seeks Higher Lid On Farm Pay

WASHINGTON (AP) — The Nixon administration has decided to fight a Senate-passed limit of \$20,000 on government farm payments by going all-out for a \$55,000 lid, says Rep. W. R. Poage, D-Tex.

Poage, chairman of the House Agriculture Committee, says he was told by Agriculture Secretary Clifford M. Hardin that administration muscle would be applied in support of higher restriction.

"The administration told me yesterday and today that they were going to go all out for \$55,000 and I think they will," Poage said Thursday night.

His comments followed Wednesday's 53-44 Senate vote for an Agriculture Department appropriations bill rider limiting to \$20,000 the amount of government farm payments an individual could collect per year.

There is no limit under present farm programs, which are due to expire this year.

Critics have pointed to huge payments—some more than \$1 million each—as evidence that farm programs help big operators at the expense of small farmers.

The House has twice in recent years approved a \$20,000 limit only to have it upset in legislative conferences with the Senate. Wednesday's action was a surprise turnabout.

Pope Adamant On Celibacy, Cardinal Finds

VATICAN CITY (AP) — Pope Paul VI met for an hour today with Bernard Cardinal Alfrink of the Netherlands, reportedly to discuss the demands by Dutch Catholics for an end to mandatory priestly celibacy.

Vatican sources said the Pope reaffirmed his refusal to modify the celibacy rule.

The Pope and Dutch Catholic priests have been at odds for five months, since the Dutch Pastoral Council appealed for the relaxation of the celibacy rule and the pontiff refused. The Pope was said to have postponed Cardinal Alfrink's visit until today to let the controversy cool off and to make clear he would not give in.

Vatican sources indicated that the Cardinal had accepted the Pope's stand "in the over-all interest of the Catholic Church," to avoid spreading dissension in the church.

WEATHER SUMMARY

COLUMBUS, Ohio (AP) — Official Weather Bureau summary for Ohio:

Thundershowers were expected to develop over most of Ohio today, especially in the north and east.

A low pressure system is expected to move out of the state by Saturday followed by sunny skies and warmer temperatures.

Temperatures for today were forecast in the 70s north and east, and in the mid-80s south. Cloudy skies and showers kept temperatures down Thursday. Findlay reported the lowest temperature in the state with 72 while Zanesville reported the highest, 79.

Early this morning temperatures ranged in the upper 50s and low 60s.

Mainly About People

Two area students were named to the Wright State University honors list for the spring quarter. Daniel J. Velikan, 641 Oakland Ave., and Rodney K. Brandel, Jamestown, both earned recognition.

Velikan was accorded high honors for his grade average of over 3.5.

Paul James, 185 Hickory Lane, is a surgical patient in Room E-212-A, Greene Memorial Hospital, Xenia.

Gerald Bowsher, of Jeffersonville, underwent surgery Thursday morning in the VA Hospital, Cincinnati, for the amputation of his right arm.

His wife, Carolyn, and mother Mrs. Russell Davis, of Berea are with him. Mr. Bowsher, the grandson of Mrs. David Hillery, 617 Broadway, was in a motorcycle accident a year ago.

Mr. and Mrs. L. A. Leath, of Greenfield, are both medical patients in Greenfield Municipal Hospital. He is in room 103 and she is in room 117. They are the parents of Dale Leath, 710 W. Elm St., Kenneth Leath, Rt. 41-S, Mrs. Earl Keith, Rt. 5, and Leslie Leath, of Highland.

Slips Lower

NEW YORK (AP) — Stock market prices slipped modestly higher early this afternoon in slow trading.

At noon the Dow Jones average of 30 industrials was up 2.94 and analysts said the market was at 695.71.

Analysts said the market was faltering under some profit taking, especially among the glamours. However, blue chips remained strong, and the rally began Wednesday—although losing momentum—has still not faded, analysts said.

Rubber issues, electronics, and airlines were off. Aircrafts, utilities, chemicals, and rails were higher, while oils, metals, mail order-retail, and steels were mixed.

At noon the Associated Press 60-stock average was up 1.9 to 233.2, with industrials up 2.3, rails up 1.2, and utilities up 1.2.

Large blocks traded included a 99,800-share block of Procter & Gamble at 48, off 1½; 76,700 of Continental Oil at 20½, off 1½; and 50,100 of PepsiCo at 44, off 1.

Big Board prices included Continental Oil, off ¾ to 20½; General Electric, up 1½ to 69½; Xerox, off 1 to 74½; Memorex, up ½ to 61½; and Honeywell, off to 69½.

Harry E. Shelley Retires After 30 Years With Bell

Harry E. Shelley has retired
from the Ohio Bell Telephone
Co. after serving the public for
30 years.

A combined 30-year
anniversary and retirement
party was held at the Terrace
Lounge in his honor.

Shelley started as a
groundman June 10, 1949, and
became a telephone installer-
repairman in 1944. He was
promoted to "combination man"
in 1952. In this capacity he
primarily installed and repaired
the complex PBX telephone
systems in business places.

He became a deskman in the
Washington C. H. Test Center
Dec. 13, 1964 and in this
capacity he performed testing,
estimate assigning and
dispatching.

Shelley is a member of the
Telephone Pioneers of America.
He resides at 624 S. Main St.
with his wife, Belle. He has
one daughter, Mrs. Dan
Schlichter, and four
grandchildren.

Travel is planned as a
retirement activity.

Sever-Williams Case Due For Hearing On July 29

The Chillicothe Board of
Education's legal battle with
Sever-Williams, Inc. of
Washington C. H. will return
to the Ross County Common
Pleas Court late this month.

The matter was referred to
the Common Pleas Court for
settlement by the Ohio Supreme
Court in May, after the higher
court reversed the 1966 decision
of the Common Pleas Court,
which has been upheld by the
appeals court.

A pre-trial hearing on the
matter has been set for 9 a.m.
July 29, after which a trial to
settle the amount of damages
will be held, unless an
agreement between the school
board and the construction firm
is reached out of court.

The dispute stems from the
Washington C. H. firm's failure
to enter a contract for
construction of the present
Chillicothe High School after
successfully bidding for the
contract.

The construction firm claimed
a \$145,000 item had been left
out of the bid through an
oversight, and the contract was
finally awarded to the Knowlton
Co. the second lowest bidder.

According to the Ohio
Supreme Court ruling, Sever-
Williams is liable for damages
up to \$137,000, the amount of
the bond posted at the time
the bid was submitted.

Guide To Good Health

By LESTER L. COLEMAN, M.D.

I FOLLOW my doctor's advice and have a Pap test once every year. I have been very curious about what the word "Pap" means and why the test is done so frequently.

Mrs. K. J. Utah
Dear Mrs. J.: "Pap" is short for the name of Dr. George Papanicolaou, the scientist who discovered the test that has saved the lives of thousands of women. How is it done and why? A cotton swab gently scrapes cells from the vaginal wall or from the cervix of the uterus. The cells are smeared on a glass slide, stained with a special dye, and then examined under a microscope.

Cancer cells are readily distinguished from normal cells by highly trained pathologists who specialize in the study of tissue and cells and can determine the degree of severity of cancer, if it is present.

The Pap test is a painless one and, in fact, can be done by the woman herself. At the John Hopkins Hospital, a special kit was devised and distributed to women in outlying rural areas. These women, who cannot easily get to a doctor, were able to take the specimen according to direction and mail it back to the hospital for examination. If performed at regular yearly intervals, the Pap test can detect early cancer and can be responsible for a tremendous increase in the number of permanent cures.

We recently learned that a cousin who lived with us for two months has tuberculosis. We have two grown children and all of us are now in good health. What symptoms should we look for?

Mr. and Mrs. C. M., Maine
Dear Mr. and Mrs. M.: The

fact that you are all in good health suggests that you probably have not acquired tuberculosis by this contact. Yet it would do your entire family a great injustice if you did not actively pursue even the slightest chance of having acquired it. I see no purpose in outlining the symptoms of tuberculosis since it would only add to your anxiety. I have stated repeatedly that symptoms can be confusing even to a trained physician. Certainly, they would only serve to terrify you without constructively adding to your emotional health.

Tuberculosis, a communicable and contagious disease, is caused by the tubercle bacillus. Many positive methods of examination are now available to protect you and your family. Certainly each of you should immediately have an X-ray of the lungs and one or more examinations of the sputum.

If there is the slightest suggestion of trouble, intensive treatment with many modern drugs can, in early cases, completely control and cure the condition.

These examinations are far more important than waiting and watching for symptoms to appear. The emotional stress caused by "the watching process" is very destructive — especially since there is so little likelihood that you may have acquired the disease.

SPEAKING OF YOUR HEALTH: This is time of the year when puddings, custards and stuffings should be carefully refrigerated for complete safety.

couldn't serve as it had served in the 20s, for the country was still chock-a-block with usable cars. But the surface gloom which dominated the headlines didn't reckon with a thousand-and-one new experimental items, from cellophane to electronics.

"R. and D." — or Research and Development — was becoming a big laboratory business in itself.

The impulses that shattered the misbegotten notion of the "mature" (i.e., the eternally static) economy and led to the long postwar boom are still running strong despite our present troubles.

In recent weeks this column has talked with vibrant individuals who think they have various "ladders" on which to climb. There is the proposition to raise huge quantities of fish under controlled conditions in tanks, the idea being to do for the fish market what the scientific chicken raisers did for the poultry market of the forties and fifties.

The fish idea gives promise of leaping a barrier almost before it is started, for the ecologists, seeking a fast-breeding fish that will substitute for dangerous pesticides in killing mosquito larvae, want to get an "in" on the new business if it succeeds.

THEN THERE is the proposition to make huge grinding machines to reduce all sorts of waste to usable soil, a proposition that would turn garbage, sewage and even non-returnable bottles into valuable raw materials. Three weeks after I wrote a column about this the town of Milford in Connecticut announced that it was purchasing a grinding machine to handle its garbage and old tin cans: the resultant soil will be used to build a huge hill in a public park. The payoff in winter sports would seem to be obvious.

Still another possible "ladder industry" is Bell Telephone's proposed picture-telephone service, recently inaugurated on a trial basis in Pittsburgh. This image-plus-voice communication is costly now, ("like laying the first Atlantic cable," as the Bell people say), but in time the cost will come down.

The ecologists, reacting to the oil leaks in the Santa Barbara Channel, have succeeded in blocking the development of the offshore oil business. But this will pass. The Real Eight Co., developers of something called a "photo mosaic technique," has signed a contract with the Union Oil Co. to keep watch on 63,000 feet of pipeline, half of which is in 190 feet of water, in the Santa Barbara Channel.

The presumption is that the photography will catch any potential leaks before they can become large enough to pollute the beaches. Eventually the underwater photography will be linked up with a fiberglass undersea "tent city" that is specifically designed to trap oil seepages.

The Real Eight people are also at work in the North Sea, where they have surveyed the legs of a Shell Oil offshore drilling platform in 110 feet of water.

THE POTENTIAL of underseas photography may very well result in new techniques of bottom scraping and painting that will do away with the necessity of putting huge warships and tankers into drydock in order to make their hulls seaworthy.

Divers, using the underseas photographic equipment, recently made a successful survey of a Shell tanker in Belfast, North Ireland. To sustain itself the tanker, because of its huge size and weight, had to remain in 17 feet of water in the drydock.

The photographic survey was conducted under conditions of practically zero visibility in near-freezing water, with only 4½ feet between the ship's hull and the base of the drydock.

The owners of the big supertankers think they will be able to repaint the bottoms of their ships by using an underwater "wet-proof" technique that is now being developed. In as much as there are only a few drydocks in the world capable of holding jumbo-size tankers in a dry state, this will save vast sums on the tanker maintenance bill.

So we move on into the new world in which "R. and D." guarantees productivity without pollution. The faint hearts who are selling us short will be flummoxed again, just as they were at the end the nineteen thirties.

THE BETTER HALF

"Well, if you don't know of any countries where they don't throw rocks at Americans, what countries have the smallest rocks?"

Dear Abby:

By Abigail Van Buren

Client's Wife Irritates Her

DEAR ABBY: My husband must entertain his business contacts very often. There is one couple with whom we go to dinner frequently. The wife CHEWS ice like a teenager with bad manners. That is bad enough, but she'll "suck" the ice, and spit it back into her empty glass, and the sound of that ice against her teeth and back into that empty glass simply drives me up a wall! Is there any way I can let this woman know that this irritates me? I don't want to hurt her feelings.

EMBARRASSED:
DEAR ABBY: I need your help in handling a very touchy situation. I recently visited my cousin in another state. She proudly showed me a very lovely family album which she said took her "months" to put together.

When I started to look through it, I was flabbergasted to see some pictures of our family I hadn't seen in over 40 years! I remembered having seen them last in my mother's family album, and I recall that after a large family gathering my mother was heartsick to discover that many of her precious pictures were "missing" pictures in my cousin's album. My cousin's mother is now deceased and so is my mother. I know that these are the priceless pictures that were taken from my mother's album. They are rightfully mine and I would like to have them. How can I mention this without casting ugly reflections?

NAMELESS NATURALLY:
DEAR ABBY: You can't. Ask your cousin if you may "borrow" the pictures you want in order to have them reproduced. (Shop around for photographers who specialize in restoring and duplicating old photographs.) Then return the originals to your cousin.

DEAR ABBY: I know this doesn't rate as one of the biggest problems in the world, but if you would bring it to the attention of your readers,

a lot of cab drivers would love you for it.

Many people will call a cab, and they'll leave before the cab arrives. This is discourteous and costly to the driver as it could tie him up anywhere from five to 20 minutes looking for the person who ordered a cab, but left before it got there.

I realize there are times when people HAVE to leave before their cab arrives, but it takes only a minute to call back and cancel the cab.

CABBY: MADISON, WIS.
DEAR ABBY: I'll pass the word on. But how about the person who orders a cab, is told it will be there in "10 minutes"—and after waiting 45 minutes he's so irritated he doesn't feel like spending another dime to cancel it?

CONFIDENTIAL TO "D" IN KOKOMO: A woman who constantly checks up on her husband doesn't make him more "faithful"—just more careful.

Here Are Some Vacation Ideas By Hal Boyle

NEW YORK (AP) — Are you bored with routine vacations? Don't you get tired of sweating all day in a hot rowboat trying to catch a wary wall-eyed pike, and then sitting all night in a resort hotel's frigid cocktail lounge in hopes of snaring an unwary glassy-eyed blonde?

What you need is a vacation doing things you've never done before. For example, you might—

Count the goose bumps on a frightened wart hog.
Organize a marathon flag-pole-sitting contest for politicians who've bored you by their fence-sitting tactics.

Take Dean Martin to a marsh-mallow toasting orgy.
Send your boss a box of a dozen assorted molehills and see how many mountains he can make of them.

Build a love nest in that unused corner of your attic.

See if you can find a bank that will let you open a savings account without having to lug home an electric toaster or piece of luggage.

Make a collection of prize box tops which you can't mail to the manufacturer and get anything back.

Create a television commercial that will automatically self-destruct five seconds after it has been shown once.

Train a couple of garter snakes to keep your socks up.
No one yet has thought up a surefire way to cook spaghetti backwards. Can you?

Invent a wrap-around, sleeve-

less necktie wide enough to be used also as a dressing gown.
Is there any land in the world where the natives aren't restless? How about going there and building a rest home for those who want to get away from it all.

Put a bean up a teen-ager's nose.
Search the zoos for an elephant with so much self-control

he can stop after eating only one peanut.
Launch a campaign to minimize the maxiskirt and maximize the miniskirt.
Get American Indian tribes to sign a new peace pact under which they'll agree to quit sending up smoke signals. After all, if we are ever to lick the problem of air pollution, we've got to make a firm start somewhere.

Take the family on a vacation.

Don't let a temporary money shortage cut your vacation plans short. Let us help. We lend money for any good reason. And a well-deserved vacation is a good one.

Let us lend you a helping hand

Cars were outdoing each other in the race for popularity in the twenties, just as they are today. In the "flapper days," the Kissel, a custom built sports roadster, excelled in its striking design and color. It featured a rakish body and a sloping windshield, it was quality built, designed and constructed for exclusiveness. Three open and three closed models were available.

Just look in on us at C&W MOBILE HOME SALES and you will find many makes and models of famous mobile homes exclusively designed and constructed for the most in comfort, convenience, and durability in home living. All you would expect and demand in a modern home and then some, awaits the mobile home owner.

MISS HAZEL MARIE WOOD

Engagement Announced

Mr. and Mrs. Leslie Wood, of Orlando, Fla., announce the engagement and approaching marriage of their daughter, Hazel Marie, to Mr. Paul E. Stanforth, son of Mr. and Mrs. Joe Stanforth, 807 Clinton Ave.

Miss Wood will be graduated from Mid-Florida Tech High School in July. Mr. Stanforth, a 1965 graduate of Washington High School, is employed in Florida after four years with the Air Force.

The wedding will be an event of July 25 in the Union Park Nazarene Church in Orlando.

Miss Cotner Guest Of Honor

Miss Pam Cotner, bride-elect of Mr. Robert Leet Jr., was guest of honor at a personal shower held in the home of Mrs. Richard Wood. Co-hostesses were Mrs. James Underwood and Miss Mildred Wackman.

The gift table was centered with a lovely pink umbrella with streamers of pink, green and white.

Winners of games presented their prizes to Miss Cotner.

A dessert course was served to Mrs. William Cotner and Mrs. Robert Leet Sr., mothers of the couple, Mrs. Rex Cox, Mrs. Robert Cotner, Mrs. Alex Wackman, Mrs. Richard Long, Mrs. Lillie Lightle, Mrs. Ed Coil, Mrs. John Speakman, Mrs. David Exline, Missie Corson, Jeff and Jodi Underwood, Mrs. Forest Gilmer and Tammy Exline.

Bridge Players Join Together

Summer flowers centered the tables when several ladies joined for an afternoon of bridge at the weekly luncheon at the Country Club Thursday.

Winners were Mrs. Sam Parrett, first; Mrs. A. U. Hedges, of Hillsboro, second; and Mrs. Robert Heath, third.

There were 16 players present.

Mr. and Mrs. Clarence Hackett and Mr. Grover Taylor were in Ashley Thursday for the funeral of Mr. Taylor's sister, Mrs. Lovina Broilier.

BGSU Program Alternative To Violence, Solons Told

BOWLING GREEN, Ohio (AP)—A legislative subcommittee studying campus disorders was told Thursday a "new university" program set up this spring served as an alternative to violence at Bowling Green State University.

This opinion was expressed by several students and officials who testified at a hearing before the group, headed by Senate Majority Leader Theodore Gray of Piqua.

Dr. James Bond, vice president for student affairs, conceded that students, in a sense, ran the university during the days following President Nixon's Cambodia decision and the fatal shooting of four Kent State students.

But he said the students "had an option of blowing this campus apart and yet they chose not to do so."

Dr. Maurice Mandell, chairman of BGSU's marketing department, said courses at the new university were a supplement to the regular curriculum and not a substitute.

Under the new university program, students formed their own classes to discuss relevant current issues, such as the war in Southeast Asia and the 19-year-old vote, while regular classes were suspended.

One student told the committee that while in the past the issue was taxation without representation "what we now had

Washington Is Swamped By Rainfall

By THE ASSOCIATED PRESS
Thundershowers lingered along the eastern seaboard today following heavy downpours that swamped Washington and adjacent areas of Virginia and Maryland.

The cloudbursts late Thursday snarled rush-hour traffic in the Washington area, knocked out power and telephone lines and flooded numerous low-lying street intersections.

More than 4 1/2 inches of rain poured onto the District of Columbia in 12 hours ending early today. Nearly 3 inches fell in two hours Thursday afternoon.

Flooding occurred from Fairfax County, Va., to Prince Georges County, Md.

Heavy thunderstorms also swept parts of the Gulf Coast region late Thursday. High winds accompanying a storm through west-central Mississippi felled large trees. Hail pelted numerous areas.

Showers persisted from the Rockies to the western Plains.

Fair and generally pleasant weather prevailed in most other sections of the nation. Temperatures moderated slightly after several days of intense heat over interior portions of the West.

Temperatures before dawn ranged from 46 at Quillayute, Wash., to 91 at Blythe, Calif.

'Band Battle' Started July 17 At Fairground

Scout Explorer, post 152, sponsored by the First Baptist Church, is getting ready for a Battle of the Bands on Friday, July 17, in the Youth Building at the Fairground.

The "battle" by four bands will begin at 7:30 and continue until 11 p.m.

In addition to competing for cash prizes — \$30, \$15, \$10 and \$5 — they will provide music for dancing.

The bands which will participate are the Jolly Rogers and the Spirits, composed of Washington C. H. youths and the Pink Nooks and Auto Tea Bodies, composed of Miami Trace youths.

The judges will be Paul Wood Sr., Post 152 adviser, Dana Kellenberger and Mrs. Max Jones.

The admission will be \$1 per person and \$1.50 per couple. The proceeds, after paying the expenses including \$40 for the Youth Building rental, will apply on the expenses of a week-long camping trip in Michigan.

Hiestand Named To Control Board

Ohio House Speaker Charles F. Kurfess has announced the appointment of State Rep. Joseph F. Hiestand (R-Hillsboro) to the State Controlling Board for the third quarter of 1970.

Kurfess had earlier indicated he would appoint various key members of the Finance-Appropriations Committee to the Controlling Board on a quarterly basis.

Hiestand, serving his third term in the House, is chairman of the General Section Subcommittee of the Finance-Appropriations Committee, and is a member of the Local Government and Urban Affairs Committee.

The Controlling Board meets regularly to release funds for state construction and has limited authority to transfer capital improvements funds among projects for which allocations were made by the General Assembly.

2-For-1 Stock Split OK'd By Owens-Corning

2 Youths Freed; Vindicated Of Dual Murder Charges

CLEVELAND, Ohio (AP)—Nineteen-year-old Allen C. Pinkney had tears in his eyes and 18-year-old Michael P. Jones was near tears Thursday when they had first-degree murder charges dismissed against them in Cuyahoga County Common Pleas Court.

The Cleveland teen-agers had spent over a year in jail for

the April 2, 1969, shooting deaths of off-duty Patrolman Kenneth J. Houser and bar owner Clifford Hatchell.

Two other Cleveland men, Warren Summers, 21, and James L. Teasley, 22, were indicted Wednesday by the Cuyahoga County Grand Jury in the slayings. Summers and Teasley closely resemble Pinkney and Jones, according to Assistant County Prosecutor William J. Coyne.

Jones was convicted and sentenced to life imprisonment last October. Pinkney was awaiting a new trial after the jury deadlocked in his first trial in December.

A third man was indicted, but

his trial was delayed indefinitely, Coyne said, when "new evidence came to the attention of the prosecutor."

"The public should be made aware of this," said Jones, who has spent nine months in the Ohio Penitentiary. "I finally got justice, and I'm free now, because I didn't do it."

"I've been waiting down there in Columbus a long time for this to happen," Jones continued. "I knew that someday it would, though."

"Maybe now I can lead a normal life and work for a living," said Pinkney. "This is

the most wonderful thing that's ever happened to me."

Jones said he doesn't mind his stay in the penitentiary, "because I'm out now. But I wouldn't want to have to do it again."

2 Ohio Soldiers Killed

WASHINGTON (AP)—Two Ohio soldiers, S. Sgt. Richard A. Brown of Rayland in Jefferson County and Pvt. Lester E. Parker of Urbana, have been killed in action in Southeast Asia, the Defense Department reported Thursday.

Robinson And Oliva Added To AL's All-Star Roster

BOSTON (AP) — Third baseman Brooks Robinson of the Baltimore Orioles and outfielder Tony Oliva of the Minnesota Twins were added to the American League All-Star squad today as the 28-player roster was filled for the annual mid-season classic with the National League next Tuesday.

Lee Trevino Takes Lead In British Open

By TOM REEDY
Associated Press Sports Writer
ST. ANDREWS, Scotland (AP) — "Just give me two straight 71s and I've got the British Open Golf Championship in my pocket," said flamboyant Lee Trevino today as he set out on the tourney's third round.

The 31-year-old self-styled Merry Mexican, playing out of Dallas, was eight-under-par for 36 holes and one-stroke ahead of an incredible field of 80 survivors from the original 134.

He's confident he can stay in front even though defending champion Tony Jacklin, Jack Nicklaus, and a host of Americans and rising British challengers are breathing down his neck.

"When you're leading, you can afford to miss one now and then. Anybody who says he wants to come from behind is a liar," Trevino said.

"I promised my wife four 68's here and I got two of them. If I get two 71's, I'm in."

Whether he can produce this one or not, the ebullient Trevino has a whopper of a program "including all the big ones in America," the Piccadilly World Match Play championship at Wentworth, England, and the Alcan on this side of the water, the World Cup in Argentina.

"and by then Santa Claus will be climbing down my chimney."

The British Open is the one he wants now. The title on the ancient Old Course where the game was born and which has become a must for the top Americans.

"I like it, this is a course where a good shot is rewarded and a bad shot is penalized," Trevino said.

"For all the work, playing golf to me is a holiday and even when I take a holiday I play 36 holes a day. I made up my mind I'll get bad weather again like I have here before and so decided to make the best of it and I guess I did."

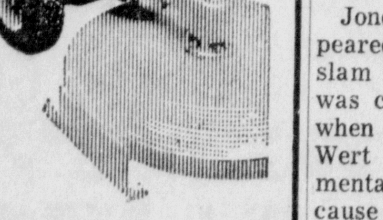

Trevino led a contingent of 17 Americans into the third round knowing well that a half-dozen British artisans of the sport are offering the stiffest fight they have in a long time.

va was picked for the seventh straight time since he joined the Twins as a rookie.

Other reserves chosen by Manager Earl Weaver of Baltimore, who will pilot the AL club at Cincinnati next week, and announced by the league, were catchers Ray Fosse of Cleveland and Jerry Moses of Boston; infielders Sandy Alomar and Jim Fregosi of California and Tommy Harper of Milwaukee, and outfielders Roy White of New York, Amos Otis of Kansas City, Willie Horton of Detroit and Alex Johnson of California.

Outfielder Al Kaline of the Detroit Tigers was named by Weaver as a squad member for the 17th time in his 18 major league seasons. However, Kaline was injured earlier this week and Moses was picked to replace him on the roster.

A league spokesman said that Fregosi was selected for the sixth time after Boston's Rico Petrocelli was withdrawn at the request of the Red Sox. Petrocelli, narrowly edged by shortstop Luis Aparicio of the Chicago White Sox in the fan balloting,

Medics Whip B'burg 9-0

Mark Johnson's one-hitter led the Medics to a 9-0 win over Bloomingburg Thursday evening at Bloomingburg in the only Fayette Babe Ruth League game played. The Rossmann Field game, between Willis and Girtons, was rained out and will be played Saturday at 7 p.m.

Johnson struck out nine and walked three, yielding only a third inning leadoff double by Ryan.

The Medics, still leading the BRL race by one half-game, opened the scoring in the second inning when Gardner Cobb singled, Mike Oyer doubled and Johnson singled.

Cobb stole home in the fourth inning to make it 3-0, and Tony Grooms pulled the same trick in the fifth.

Johnson led the Medics' hitting charge in addition to his fine pitching. He laced three singles in as many trips to the plate.

Oyer doubled and banged a two-run triple, and Cobb and Grooms swatted two singles apiece.

Bays was the losing pitcher for Bloomingburg, fanning six and walking one.

The only hit off Johnson was a well-tagged double which eluded the outfielder's reach.

The Medics are now 9-2 for the season, and play Wilson's Friday at 7 p.m. in a makeup game. Bloomingburg will meet New Holland in another makeup Friday.

Shoemaker Named Coach At Waverly

WAVERLY — Mike Shoemaker, the immensely successful young coach at Paint Valley High School the last three years, will guide Waverly into its first football season as a member of the rugged Southeastern Ohio League it was announced Wednesday.

Shoemaker, the Southeastern District Class A coach of the year in 1969, when he led Paint Valley to an undefeated season and eighth ranking among A teams, was hired to replace Tom Redman, who is taking the reins at Dover.

Shoemaker, a graduate of Paint Valley High and Capital University, said the new job would provide him with "a great challenge."

'Long Single' Gives Detroit Win Over Boston

By HAL BOCK
Associated Press Sports Writer
The longest single of Dalton Jones' career and the shortest rain delay in baseball history has combined to keep Baltimore's East Division leaders within hailing distance in the American League.

Jones delivered what appeared to be a pinch hit grand slam homer Thursday night but was credited with only a single when he passed teammate Don Wert on the basepaths. The mental blunder did no harm because three runs scored on the play and Detroit went on to whip Boston 7-3.

The Tigers and Red Sox were tied at 3-3 in the seventh when

reportedly needs rest badly. Earlier, Weaver named Dave Johnson of the Orioles to replace injured Rod Carew of Minnesota as the starting second baseman.

Barring injuries, the Orioles will have seven players in uniform and the California Angels will have four for the All Star Game.

The Yankees and Twins each will have three representatives, Boston, Detroit and Cleveland two each, and Washington, Kansas City, Milwaukee, Oakland and Chicago the minimum of one apiece.

Weaver followed fan voting in naming Oliva, White and Horton, who finished behind starters Frank Robinson of Baltimore, Frank Howard of Washington and Carl Yastrzemski of Boston. However, he ignored the balloting in adding Johnson and Otis, the only regular centerfielder on the AL squad.

The final vote tally for catchers also was dismissed by Weaver as he picked the hot-hitting Fosse and Moses to back-up starter Bill Freehan of the Tigers.

will start a short tournament next Monday with Wilson's Jr.s, taking on champion Willis Jr.s.

Bob Menne Is Leader At Milwaukee

MILWAUKEE (AP) — When airplanes are grounded, Bob Menne is flying high.

The second-year tour pro from Andover, Mass., fired an opening round six-under-par 66 Thursday to take a two-stroke lead in the \$110,000 Greater Milwaukee Open Golf Tournament.

"This isn't my best round on the tour," Menne said. "I had a 64 at Miami to tie Lee Trevino. I lost on the second hole of the playoff when I missed a short putt and he made a 'missable' one."

That was in the National Airlines Open and, at the time, National Airlines was on strike. This time, Northwest Orient, a major carrier into Milwaukee, is grounded because of a walk-out.

Ironically, Trevino also did well Thursday, moving into the second round lead of the British Open.

"I've been playing fairly well, but I haven't been dropping my putts," Menne said. "Today I hit the ball fairly well and I putted well."

Mike McCullough, Jim Hilderbrand Duel

YOUNGSTOWN, Ohio (AP) — After the rest of the field had gone, Ohio Amateur golf tournament co-leaders Jim Hilderbrand and Mike McCullough were busy refining their games Thursday evening for their head-to-head duel in today's final round.

Attendance was 5,492; handle \$232,553.

Jones belted a two-out drive off the facing of the right field stands with the bases loaded. He was admiring the shot when he passed Wert between first and second and was called out on the technicality infraction.

"I was real excited about the hit," said Jones. "I was watching it and I never realized Wert was there. About half-way between first and second I came to my senses and hoped the umpire didn't see it. But he did. I've never done that before. I've never hit a grand slam either."

The ump's were alert to Jones' blunder and also to the heckling of the Red Sox over some ball-strike calls an inning earlier. Plate umpire John Rice thumbed pitcher Mike Nagy and catcher Gerry Moses and then third base ump Larry Napp cleared the Boston bench, sending all the players to the clubhouse "to cool off." Napp said the players could have come into the game later from the clubhouse but none did.

The victory moved the second place Tigers within six games of Baltimore. The Birds bowed to New York when the Yankees rallied for three unearned runs in the sixth inning—the last two on Jerry Kenney's bases-loaded single.

The start of the game was delayed 27 minutes by rain and it sprinkled throughout. The rain

Post 25 Wins 11-1 Over Chillicothe

By KIRK ARNOTT
Record-Herald Sports Writer
What had shaped up as a potentially tight contest turned into a runaway Thursday night as Post 25 Pennington-Wilson's American Legion baseball team routed Chillicothe 11-1 on the losers' diamond at Bolmer Field.

Bryce Brown, pitching one of his better games this season, fanned 14 Chillicothe batters while allowing only four hits. He walked only two and hit two batters with pitches in authoring his seventh victory against two defeats this season.

Brown and Mike Mitchell drove home two runs apiece for Post 25 and rapped two singles apiece to lead a nine-hit offense.

Marty Jones, Steve Bowers and Steve Bihl blasted triples for manager Russ Hatfield's league contenders, and Bihl drove in two runs.

Arlen Dailey and lefthander Dana Knab worked on the mound for Chillicothe, but were plagued by poor fielding from their teammates. They struck out nine and walked six, allowing just three earned runs.

Neither team had a baserunner in the first two innings, but Post 25 started the scoring in the third. Jeff Blake reached second when an infield grounder was thrown over the first baseman's head. Mitchell bunted him to second and Brown's single made it 1-0. Brown scored later on Jones' three-bagger to deep center.

Bowers' triple in the fourth was followed by a dropped fly ball a wild pitch and Dave Wackman's single to make it 4-0.

The only Chillicothe run came in the seventh on a hit batsman, a single and two walks.

Steve Bihl's play at third base highlighted a generally good defensive performance for Post 25. The team committed only one error.

Now 18-11 overall, Post 25 hits the road Saturday to take on Cincinnati Allied Appraisal at Hamilton. Greenfield visits for a league doubleheader Sunday.

Challenge Stakes Held At Scioto Downs

COLUMBUS, Ohio (AP) — Noble Gesture and Frosted Yankee won the two divisions of the \$15,000 Challenge Stakes for 2-year-old trotters at Scioto Downs Thursday night.

Noble Gesture came from fifth at the quarter pole to post a three-length win and return \$2.40, \$2.40 and \$2.40.

Frosted Yankee passed favorite Quick Pride in the stretch for its sixth straight victory to pay \$9, \$2.60 and \$2.60.

Charming Adam and Sweet Emma combined (1 - 3) for a daily double payoff of \$92.20. The 3 - 5 quinella was worth \$24.60.

Attendance was 5,492; handle \$232,553.

began coming down in earnest with Baltimore at bat in the bottom of the sixth and with two out and a 1-1 count on Don Buford, umpire Hank Soar signalled for the field to be covered.

Had the game been called at that point, the New York runs in the top half of the inning would have been erased and Baltimore would have won 5-4. The Yankees, aware of the jeopardy their lead was in, delayed leaving the field and the sudden shower quickly ended. An inning later, with the runs official, rain ended the game. The victory, only the third in the last 13 games for New York, left the Yanks 6½ games behind.

Carlos May and Ed Herrmann ripped fifth-inning homers that powered the Chicago White Sox past Milwaukee.

May connected with two on and Herrmann with the bases empty as the Sox built a 6-1 lead. The Brewers chipped away at the margin but never caught Chicago.

Washington used home runs by Paul Casanova, Tom Grieve and Rick Reichardt to back Casey Cox' five-hit pitching and whip Cleveland.

Casanova also had a double and three RBI as the Senators salvaged the final game after dropping four straight to the In-

Padres Edge Cincy Reds, 10-9

By DICK COUCH
Associated Press Sports Writer
Catch-up baseball is a futile game, unless you hold on to what you've caught.

The Cincinnati Reds and Atlanta Braves mounted big comebacks Thursday night, then let their prey slip away again in extra-inning cliff-hangers.

Johnny Bench slammed a pair of two-run homers as the Reds made up a 9-1 deficit before bowing to the San Diego Padres 10-9 on Steve Huntz' sacrifice fly in the 10th inning.

The Braves erased a 6-0 San Francisco lead with one eighth-

inning thrust, but the Giants rebounded to earn a 7-6 nod on Dick Dietz' run-scoring ground out in the 11th.

Elsewhere in National League play, the New York Mets rocked Montreal 7-1; Pittsburgh blanked St. Louis 6-0 and Houston thumped Los Angeles 9-5. Philadelphia and the Chicago Cubs were idle.

The Padres raked rookie pitching ace Wayne Simpson for nine runs in the 2-3 innings he lasted, but Bench's fourth-inning homer started Cincinnati on the way back and the All-Star catcher unloaded his 28th

homer of the season in the eighth before pinch hitter Bernie Carbo's three-run wallop tied it up.

Simpson, who started in quest of his 11th straight victory and 14th of the season, escaped his second setback as a result of the abortive Cincinnati rally. It marked the first time in 18 starts that he has failed to go at least five innings.

The Giants' Juan Marichal was breezing toward his first shutout of the season when Atlanta struck suddenly in the eighth. Felix Millan singled and Orlando Cepeda homered for

two runs; Mike Lum doubled home another and Cleve Boyer rapped a tying three-run homer.

But Willie Mays singled in the 11th off Bob Priddy, moved to third when the fourth ball to Willie McCovey was a wild pitch and scored the winning run on Dietz' roller to the mound. Winner Don McMahon worked out of a bases-loaded jam in the bottom of the 11th to assure the victory.

Dietz drove in two earlier runs with a single for a total of 12 RBI in the four-game series. Tom Seaver stopped Montreal on three hits and hit his first major league homer enroute to his 14th victory and Ron Swoboda drilled a grand slam homer as the Mets rolled to their seventh straight win.

The Pirates remained 1½ games behind first place New York in the NL East by taming the Cards on the five-hit itching of Dock Ellis. Singles by Roberto Clemente, Jose Pagan and Bill Mazeroski plus two errors by shortstop Jim Kennedy keyed a four-run burst in the fifth.

Denis Menke hit a grand slam homer in the first inning and stroked a run-scoring single in the third as the Astros stopped Los Angeles' winning streak at seven games and ended their own tailspin at five.

Lumberjacks Upset Mustangers, 3-1

With only a single game remaining in the season, Halliday's Mustangers looked to be almost sure bets for the

Little League major division championship. But along came Wilson's Lumberjacks to throw a wrench into the works with a 3-1 upset win over the Mustangers Thursday night at Wilson Field.

The Rotary Wheels clouted the Washington Savings Bank Charge-A-Checks 12-2 in the other game at Wilson Field, while minor league action saw Sagar clobber Bumgarner 11-6 at Armbrust Field.

The Mustangers, who can do no worse than tie for the title, scored a run in the first inning but were unable to put any more on the board.

Jeff Elliott fanned seven and walked none for the Lumberjacks as the winning pitcher. He allowed four hits, but was unable to put any more on the board.

Randy Gardner pitched a one-hitter in the loss, fanning 18 and walking two while hitting three batters with pitches.

The Lumberjacks tied the score in the fifth inning and won it in the sixth.

THE WHEELS scored freely in dumping the Charge-A-Checks in the other major league game. Jack James fanned 11 and walked one in tossing a one-hitter. He also cracked a double and a single.

Mann, Shaw and English stroked doubles also.

Dean Shonkwiler was the losing hurler, with six strikeouts and a pair of walks.

SAGAR scored five runs in the sixth inning to knock off Bumgarner.

Brent Knisley, with three hits, and Terrell and Smith, with two apiece, led the Sagar offense.

Ackley was the winning pitcher, with 13 strikeouts and 10 bases on balls.

Neitz and McClendon were the pitchers for the losers, combining for seven strikeouts and 11 walks.

NO INFORMATION was reported concerning the Eastside Field contest involving the County Bank and the Loafers.

Race Balance
Issue Goes
To High Court

WASHINGTON (AP) - The Supreme Court is being asked for the second time in three years to establish constitutional standards for racial balance in all schools, North and South.

The Cincinnati chapter of the National Association for the Advancement of Colored People is appealing a decision from the U. S. Circuit Court in Cincinnati. The Circuit Court ruled that children can not be forced to be bused from their school districts to achieve integration.

The suit was named seven years ago for Tina Deal, a black Cincinnati schoolgirl.

The Supreme Court has ordered an end to southern school segregation but has never heard a northern case, or indicated that it is prepared to take one. The Deal suit was thrown out in 1967 without comment.

NAACP attorneys contrast the Cincinnati case with one in the Charlotte - Mecklenburg County, N. C. school district. Busing has been ordered there but the case is unsettled and could find its way to the Supreme Court before this fall.

The Cincinnati school board opposes the appeal, saying the "free mobility of families" is a factor in student body makeup over which it has no control.

Twenty of Cincinnati's 90 public schools are predominantly black and 47 predominantly white.

Speaking for the Cincinnati circuit court Judge Paul C. Weik of Akron said the constitution doesn't impose a "duty" on school officials to bus children for purposes of integration. The circuit court ruled that when children are allowed to attend schools in their home district, the situation is constitutional.

Herbert GOP's Political Maverick

By THE ASSOCIATED PRESS

Whether he likes it or not, State Treasurer John D. Herbert has been cast in the role of Republican rebel as he runs for election as attorney general.

Action by Republican leaders in asking him to quit the ticket has put Herbert's name before the public more often than any other candidate.

After that request Herbert's name was dropped from a weekly newspaper published by the state Republican party. That action made the news.

Lake County Young Republicans invited Herbert to speak at a meeting. It made news. Cuyahoga County Republicans disavowed Herbert. It made news.

The state Republican newspaper has resumed printing Herbert's speaking schedule. It made news.

It reminded a newsman of one comment by George Wallace when he first ran for governor of Alabama.

"It's not so much what you

write about me," he admonished newsmen. "Just spell my name right."

Mid-summer doldrums have settled over the statehouse, making this normal oasis for news a veritable desert. Many state employees, office holders, and some office seekers, are on vacation.

Auditor Roger Cloud has been vacationing in Florida. Gov. James A. Rhodes made a goodwill trip to Japan but was delayed in his return home by an airline strike on the west coast. Newsmen working the statehouse have recently found most of the news makers missing.

A familiar figure in the office of State Auditor Roger Cloud recently said he feels "the law be more to blame

than the individuals involved" in the state treasury investment scandal. He said loopholes and inconsistencies in Ohio codes are bound to attract the kind of people it did. "Whenever there is sweet money," he said, "there are also flies."

Ray Bliss, once known as the Republican party's "nuts and bolts" man, may be the expert mechanic who can properly tune up party machinery again.

The state Republican party faces a problem of running with only a partial ticket to support this year after being rebuffed in efforts to get John D. Herbert and Robin Turner to quit as candidates for attorney general and treasurer respectively.

Bliss, who has been a member of the state Republican Finance Committee for about 20 years, has agreed to speak at meetings of several local finance committees.

Republican Chairman John Andrews sought to play down Bliss' role by saying the former Republican national chairman was only doing what he had promised to do - "to work where ever he could for the party."

Bliss, an Akron insurance executive, became accustomed to being head man during his years as state Republican chairman and then national GOP chairman.

Whether he can take a low-key role of grass-roots work, and stay at that level, remains to be seen.

FROM MIGHTY TO MINI
HONDA HAS IT ALL

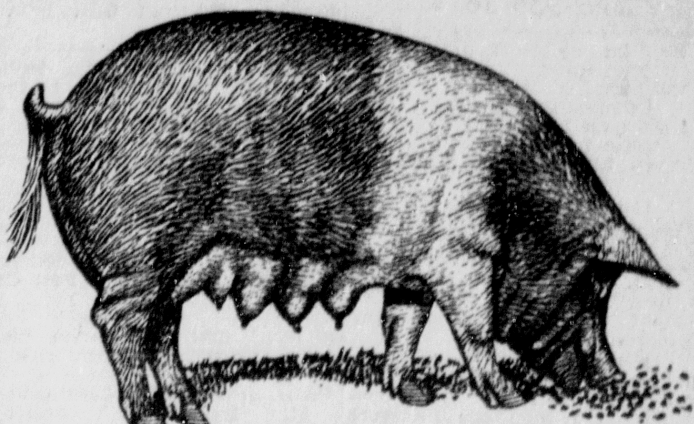

Here's one of Honda's all-new bikes for the 70's. The Motospport 100 has the power and lightness to make it one of the hottest dirt machines going. First the power - the vertical OHC single-cylinder engine delivers an amazing 11.5 bph @ 11,000 rpm. That's enough power to really churn through sand and mud . . . and climb steep grades. The five-speed transmission is a cinch to shift, rugged enough to take a real beating. As for the lightness . . . just look at it.

The "Dynamic V" styling gives it the appearance of bird in flight. And what about the pleated bolted single seat . . . wider and higher handlebars . . . and the radical, curved, black tailpipe? No doubt about it . . . this is the bike for the dirt. Knobby tires are standard. And the headlight and speedometer are easily removed. Ride the new Motospport 100 to the desert, mountains, backwoods . . . wherever you want to go to get away from the crowd.

Available in Candy Green, Candy Blue and Candy Red.

Motospport 100 . . . See It Today!

SAVE 200 lbs. of feed per sow!**New LANDMARK Sow Chunx 25****FOR RESTRICTED FEEDING**

Here's a new feed that fits right into the new trend toward restricted feeding during gestation - LANDMARK Sow Chunx 25!

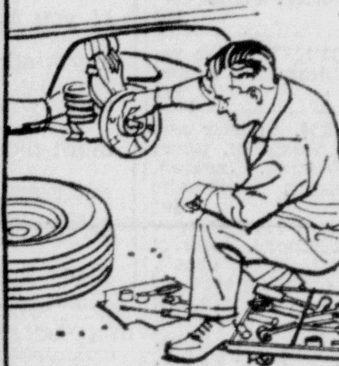

It takes about 200 lbs. less feed per sow during gestation with Sow Chunx 25 than under old feeding programs. Save time and money but still get good-size litters of healthy pigs. Sow Chunx 25 is a large-pellet feed that can be fed economically almost anywhere - on pasture or dry lot, in troughs and feeding stalls, scattered on concrete or right on the ground.

Call us now for full details about Sow Chunx 25 and how it can fit into your feeding program.

In the early 19th century, some scoundrels made their living shanghaiing sailors for Nantucket whaling ships, for a fee. Thrifty captains charged the fee to the sailor, so the luckless seaman paid for the privilege of being pressed into a voyage that might take him away from home for three years.

OK Vealey Extradition

COLUMBUS, Ohio (AP) — Gov. James A. Rhodes' office approved Thursday the extradition of Claude E. Vealey to Pennsylvania to face a murder charge in the slaying of union leader Joseph A. Yablonski.

The five also are charged in federal indictments with conspiracy in the slaying.

John McElroy, Gov. Rhodes' chief aide, said extradition papers on Vealey were forwarded to the Cuyahoga County sheriff in Cleveland, who has responsibility for arranging to turn Vealey over to Pennsylvania authorities.

Papers on some of the other defendants were received from Pennsylvania several weeks ago, McElroy said, but were returned because of legal flaws.

Post, Auxiliary Delegates At Ohio Legion Convention

Paul H. Hughey Post 25 is represented at the three-day 52nd annual state American Legion convention, which opened Friday in Cincinnati, by five official delegates, Commander Carl West, Adjutant Vera Brown Jr., Philip Ford, R. Burris Tharp and Frances Morgan.

The five alternates, Fred Osborne, Gene Hatfield, Paul Souther, Ed Warning and George Countryman, also are attending.

Most of the Legionnaires are accompanied by their wives.

The Legion Auxiliary and Forty and Eight (the Legion honor society) conventions are being held at the same time.

Delegates from the Auxiliary met here are Mrs. Lawson Rhoads, Mrs. Marie Mace and Mrs. Philip Ford, the president.

Delegates from the Forty and Eight post are Joe Batson, Ralph Cook and Horace Jacobs.

Other members of all three organizations probably will attend some of the sessions in unofficial capacities as observers. Most delegates, however, will remain until the close Sunday.

APPROXIMATELY 10,000 Legionnaires started converging on Cincinnati from throughout Ohio Thursday for the sessions which will be held in the Convention Center.

Three of the Post 25 delegates will have roles in the Legion convention. Tharp, 7th District judge advocate, and Morgan, district chief welfare chairman, will make reports and Brown will serve as district sergeant-at-arms.

CONSIDERATION of more than 45 resolutions, running the gamut from Legion business to matters of national interest, was begun Friday morning.

Donald E. Johnson, federal Veterans Administration administrator, was the principal speaker at the joint session of the Legion and Auxiliary in the afternoon. Johnson is a past national commander of the Legion. Cincinnati Mayor Eugene P. Ruehlmann welcomed the delegates.

Oregon, with other U.S. products.

South Vietnam imported \$745 million of commercial items alone in the past year. Its exports amounted to \$16 million. The deficit, equivalent to \$40 for each of 17.8 million Vietnamese, was entirely covered by the United States.

Backed by U.S. aid, the Saigon government is distributing a special gift of 1 million piasters to every country village for a public works project of its own choice. This program will cost more than \$18 million if completed. There are 2,517 villages.

Another program promises cash to millions of Vietnamese for new housing, besides welfare allotments for food and clothing. The sums are small for individual war victims, refugees, and Viet Cong defectors. Cumulatively, they have exceeded \$100 million.

A feverish war boom grips all the cities at the back door of American logistics bases. In the shops, foreign perfumes, liquors, textiles, watches and other luxuries beckon. But the slums are growing.

The austerity of life in North Vietnam, which I observed for 18 days last February, bears little resemblance to the colorful, noisy, mechanized existence that South Vietnamese are pursuing.

Hanoi seemed in a quiet reverie. The center of Saigon has more raucous taxis to the block than Times Square at midday. You can see the affluent getting rich. Nearly everybody is scrambling for a piece of the action. Some worry, of course, that the boom will bust.

There is no precise way to compare the cost of the United States' investment in South Vietnam with what the Soviet Union and Red China have spent to help North Vietnam.

An executive in the U.S. defense industry has estimated that the cost ratio is probably about 100 for 1 for arms alone; that is, \$50 billion of U.S. armaments thrown into the war versus \$500 million from Russian and Chinese stockpiles.

A private forecast circulating in American official circles in South Vietnam says current U.S. expenditures at the rate of \$30 billion a year for the war could be trimmed to \$5 billion in 1975, if Vietnamization is a success.

The forecaster assumes that South Vietnam's million-man army, plus air force and navy, will have crushed most of the guerrilla activity in five more years, and that millions of acres in free-fire zones will have been restored to farming.

In such a case, it is theorized, \$5 billion a year might suffice to keep friendly Vietnamese forces in modern military shape while providing, at the same time, continuance of U.S. strategic bases with 50,000 to 100,000 Americans manning them.

The forecast expects that nationalism in the Philippines and Japan will deny the United States its bases there. This would increase the strategic importance of bases in South Vietnam, such as Cam Ranh Bay, which have been built at heavy cost. The forecast assumes there will be no political settlement that would bring all U.S. troops out in the near future.

Retention of the bases for an indefinite period, it is said, "would be in the best interest of the United States and constitute a reassuring influence on non-Communist governments in Asia."

Damage \$925 In Accident

City police charged a Hamilton man with failure to stop at a stop sign in a two-car collision in the Fayette - Paint street intersection Thursday night which caused heavy damage to both vehicles and minor damage to two yards.

The accident was the only one investigated in the city-county area Thursday.

Police reported that Harold W. Church, 45, of Hamilton, failed to stop for the stop sign and flashing light at Paint Street while driving on Fayette Street at 9:31 p.m.

His car collided with one driven on Paint Street by Perry F. Kingery, 35, of 507 Campbell St. After the impact, Church's car continued off the left side of Paint Street and hit a tree in a yard owned by Hugh Rea, 132 E. Paint St. His vehicle then skidded across the street and into a yard owned by Robert Case, 204 E. Paint St.

Police said damage was estimated at \$275 to Kingery's 1961 model car and \$650 to Church's 1967 model.

MT Middle School Issue Up Monday

A resolution on the proposed Miami Trace middle school and the hiring of a basketball coach are expected at an adjourned meeting of the Fayette County Board of Education Monday night.

Members of the board agreed Monday to pass a resolution of necessity to place the middle school issue on the fall ballot. The resolution must be passed Monday to meet a July 15 deadline, according to Superintendent Guy M. Foster.

Foster also will make his recommendation for a basketball coach at the meeting. The meeting Monday, to be held at 8:30 p.m., is a continuation of the regular meeting held this week.

9 Persons Die In Accidents On Ohio Roads

By THE ASSOCIATED PRESS

A collision in Cincinnati on a rain-slick highway killed a mother and her two children Thursday. It was the most serious number of crashes over a 24-hour period which took the lives of at least six other persons.

The dead: CINCINNATI — Linda Behymer, 26, and her two children, Denise, 5, and Brian, 3 months, all of nearby Milford, in a two-car collision on rain-slick U.S. 50 in suburban Terrace Park. Five other persons were injured.

PAINESVILLE — Eugene V. Roth, 19, South Euclid, in a one-car crash Thursday night on I-90 southeast of Painesville.

TOLEDO — Stephen Davis, 20, Toledo, when his motorcycle collided with an automobile early Friday on the city's West Side.

AKRON — Ralph Parnaby, 24, Kent, when his sports car ran off 180-N south of Twinsburg Thursday. His death was indirectly with another fatal accident three miles from where his car hit a guard rail. Authorities said he apparently was going for help in an accident that killed Dennis Cerri, 22, Streetsboro when his motorcycle was hit by a car.

CINCINNATI — Lawrence Cooper Jr., 19, of suburban College Hill, died Thursday of injuries received in a one-car accident Sunday.

MEDINA — Joseph Jenelka, 56, Medina, in an automobile collision Thursday at the intersection of Ohio 252 and 303 north of Medina.

Find No Link Of A-Blasts With Quakes

WASHINGTON (AP) — Two government seismologists said today a seven-year study of earthquakes showed no apparent connection between nuclear explosions and the destructive tremors.

J. H. Healy and P. Anthony Marshall, both of the U.S. Geological Survey, reported just as many earthquakes occurred before underground atomic explosions as afterwards.

The two scientists said they excluded earth tremors occurring within about five miles of atomic explosions since researchers previously established that "relatively small earthquakes are triggered close to the sites of some nuclear explosions."

The findings bolster Atomic Energy Commission contentions that underground testing produces only harmless surface aftershocks beyond the immediate blast sites.

Several AEC projects over the past several months have been met with flurries of protests from citizens' groups which feared the explosions might set off widespread tremors.

Numerous nuclear tests in the Nevada desert have, so far, produced no major earthquakes, the AEC reported earlier. An underground explosion in the tremor-prone Aleutians, off the Alaska coast, caused no major disturbance.

during the night Thursday in the burglary of a home owned by Robert W. Kennedy, CCC Highway-W.

Sheriff's deputies said the house was entered through a window sometime between July 4 and Thursday and items valued at a total of \$50 were taken.

Bain reported the incident to sheriff's deputies Thursday afternoon. He said items taken were a fishing rod and reel, a tackle box and tools. The vehicle was parked in front of his mobile home.

Margaret Massie, 1301 Forest St., reported to deputies that her 1966 model car received vandalism damage during the night Wednesday while it was parked in front of her home.

Officers said someone used tree bark to scratch the car's body and poured catsup on the seats and body. There was no estimate of damage.

CITY POLICE Thursday charged Armistead F. McCann, 72, of 529 E. Market St., with abandoning a refrigerator, thereby presenting a danger to children in the neighborhood of 912 Willard St.

Patrolman Dennis Brown, who filed the charge, said he notified McCann to remove the refrigerator from that property on July 4. Brown reported the appliance, which had hinges and fastening device intact, had not been moved Thursday.

Officers also arrested John E. Ragland, 27, of Chillicothe, on a warrant filed last October by Sidney Terhune, charging Ragland with defrauding an innkeeper.

Terhune alleges that Ragland obtained lodging at Washington Motor Inn Sept. 17 without paying his bill.

Francis W. Craig, 68, of 245 Henkle St., was treated by a physician for injuries to the left leg and hip at 7 p.m. Thursday, according to city police reports. Craig said a dog broke a chain and attacked him while he was walking in the alley at the rear of 232 Hickory St.

Ohio U Policy On Drug Users Draws Fire

ATHENS, Ohio (AP)—Legislators on a subcommittee investigating campus disorders became angry and expressed "shock" here Thursday over Ohio University's policy of disciplining drug users.

University administrators, students, community residents and businessmen testified at the public hearing.

Some testimony was behind closed doors, including that of OU President Claude R. Sowie and Fred Johnson, chairman of the school's board of trustees.

The subject which touched off the ire of the committee members appeared to be a university-city policy which allows university officials to counsel and discipline some student drug users without filing criminal charges.

Testimony from OU students and teachers, however, emphasized that what is needed to solve the problem of student unrest is "reforms, not repressive legislation."

Subcommittee chairman Robert E. Levitt, R-91, Canton, said he was "shocked" when he learned of the existence of the drug policy and added that the Legislative Service Commission would be asked to investigate its legality.

This policy, which has been approved by city officials and the Athens County prosecutor, allows the university to discipline and counsel university dormitory residents found to be experimenting with drugs. It does not apply to students living off campus or to drug "pushers."

3 Names Submitted For U.S. Judgeship

TOLEDO, Ohio (AP) — Three Lucas County Common Pleas Court judges have been recommended by the county Republican organization as candidates for a federal judgeship in the Northern Ohio federal court district.

The names of Nicholas Walinski, John Connors Jr. and Frank Wiley were submitted Thursday to Sen. William B. Saxbe, R-Ohio.

ever action is taken then is subject to final approval by both the full House and Senate.

As drafted by the Senate, the Cooper-Church amendment provides no funds can be used for U.S. troops and advisers or for mercenaries from other nations in Cambodia.

The parliamentary situation in the House actually wound up with no debate at all once the Cooper-Church issue was raised.

When Morgan brought it up, one hour of debate could be provided. But, after standing by the microphone for a moment, Morgan said he had no requests for time to talk, then moved to close debate. Fraser, standing nearby, forced a procedural roll call but lost.

"Nobody asked me for even one second of debate," Morgan said later. "I had no objection to letting anyone talk." Fraser acknowledged no specific request was made but argued it should have been obvious.

The previous high vote for an antiwar proposal in the House was 146 on a procedural question during consideration of the military procurement bill. "The 153 is our highwater mark," said Riegle afterward, "and it won't get any lower."
